                - Little things to keep people engaged
        - JD
            - Great team

    - Preparation
        - Everything from an Executive point of view needs to be in place very early
            - Might be able to start doing sponsorship meetings before the year ends if on top of things (November)

            - The earlier you get in, the better - don't want overlap with other unis, so we can be first priority
                - Same with calendar, budget, prospectus
    - Strong enforcement of working documents
        - Have a draft sent to everyone - can fill it in
        - Whenever there is an event on - holds everyone accountable for each event, and everyone can see what is happening
            - Happy to send document to next Executive

- Special thank you to interim Directors and those who had to step into Director role mid-year
    - Hannah, Koko, Magdalini, Bettina, Shakira, Toby
        - Having to jump into this role unexpectedly without a proper handover in a busy period takes a lot of hard work that goes unnoticed

- Appreciation for those who have shown consistent effort and presence throughout this year

    - A big big thank you
- An honour to work with some incredible and talented people
    - Thankful for all the support this year
- Excited for where the LSA is heading - you will all be in good hands with next year's LSA Executive and committee

Consideration of Annual Financial Report – Adam Hamo

- Any questions, feel free to ask
- We did pretty well this year, just a very small surplus
- Compiled every quarter's bank cash position - savings + checking added together
    - Usually not reported, but good to give context
- To report to the committee - issue with missing $90 for merchandise
    - (***Pieter***) - was a folder in the office labelled 'money', with $90 cash - cannot find the envelope, not sure where it's gone
        - If you see this, that's for the Executive, please don't touch it
- Great year - experienced good things, good learning experience
- Takeaways for next treasurer to consider
    - Reported monthly total cash held by committee (not physical, but savings + checking account)
        - Good accountability & governance
    - The amount of money we've got is the same over the 4 year period with Commonwealth Bank
    - Good if budget is presented before the end of the year
    - Assistant treasurer role
        - Would require an SGM, but could be useful & gives next treasurer some experience
    - No cash rule
        - We hardly use physical cash - once for cruise, but issue with merch
        - Maybe just don't accept cash payment to keep things simple
    - Full year bank statement
        - Good accountability to have all bank statements so independent committee can verify budget
        - Full budget will be sent with the minutes

- Constitutional Amendment
    - **Amendment to the Rules and Regulations pursuant to Rule 75**
    - Motion to insert in Part 5, Division 2, Provision 39, Subsection (4)(n) the words 'a Sponsorship Officer'
        - Moved: Alanah Sutton
        - Seconded: Pieter Shearer
        - *Motion passes*
    - ***Pieter Shearer***
        - Sponsorship is a very big role - officer position to help with general correspondence
        - Treated as an officer, not an Executive position
        - Room for changes - additional officer, subcommittee, etc
    - Purpose - ***Alanah Sutton***
        - Between all of the roles, Lou sends emails for all of the portfolios - prospectus, deliverables
            - So many emails to receive, send, follow up, resend
        - The Sponsorship role is very demanding
        - An officer would help lighten the load for Sponsorship and Executive

        - Assist in standing in, answering emails, attending meetings
        - All other LSS's have at least 2 sponsorship officers - we don't have any
        - Might see an increase in sponsorship
