Meeting and Sponsored Event Attendance

- Why we ask this of you
- Firm presentation are sponsored or external help and it is import to show respect to them, we record these and add to website, ensuring we can all benefit from them, do bring us in funding for all our other events (yes your portfolio relies on others doing well as well) so we get continual support

Updating Marketing posts

- Make sure to update information on graphics and captions before you need them to be posted (Bav's seemingly monthly episode on LSA Lore) LSA Logo
- The logo employs the uni eagle therefore we don't have p;ermissions to plaster it across merch, however we can use it in small doses.

Sponsorship

Thank you!

- Thank you to everyone in the Committee for showing up to the FPs and sponsored events thus far. I understand that it's not easy showing up consistently to these events given your studies and/or work arrangements and I appreciate the effort! At this point, I'm probably giving out thanks like I'm giving out candy but I'm sure you all need the sugar anyways just by how much you all carry our events to success. Do make sure to send any apologies if you can't come to the sponsored events to Eve as we understand if you can't make it to all the events.
